After RESET the actual Waste Ink Counter-top is 0% and also the Printer can printing again. It's Okay. For this models you will get Waste Ink Counter-top . P, 2015 .This invention relates to an endoscope suitable for performing wireless communication, and a communication tool. An endoscope has been developed in which, in order to transmit images, wireless communication is performed by combining wireless communication technology and image transmission technology. This endoscope transmits images by transmitting color information and luminance information in accordance with a received control signal from an external apparatus. The endoscope is provided with a control panel on the outer surface of an image guide unit, and light applied to an observation target point is wirelessly controlled in accordance with the control signal from the external apparatus. The control panel is provided with an operation unit for performing operation or maintenance of an endoscope, and a wireless unit used for wireless control
